

ABOUT MEDICAL SYSTEMS, INC.

HEALTHCARE INFORMATION SOLUTIONS EXCLUSIVELY
FOR COMMUNITY HEALTH CENTERS SINCE 1983

We have successfully served community health centers with software and services for more than 25 years. All our clients are community health centers, and we only accept community health centers as clients.

Since our clients have the best insights, they guide the ongoing development of our solutions and services, enabling them to furnish more clinical and social services to their patients, provide a more comfortable work environment for their staff, and fulfill important missions in their communities.

With our long-term experience and skilled staff, we deliver a full range of implementation and support services to ensure our solutions fit each health center. Our expert staff members are on-site to initiate and guide the implementation process and provide post-live support.

Our clients are located throughout the U.S. and Canada. To serve our geographically diverse clients, we have offices and staff in Massachusetts, West Virginia, Rhode Island, North Carolina, Pennsylvania, New Hampshire, and Maine.

This diversity of staff, systems, and services combined with our financial stability and continuity enables us to serve community health centers for the long-term.
